# 1 Welcome to deskDOC DWG to PDF Professional

## 1.1 Introduction

### Introduction

deskDOC DWG to PDF Professional is a full featured **DWG/DXF/DWF to PDF converter** that allows you to convert DWG and DXF to vector PDF without the need of AutoCAD.

### *New in Version 4*

#### Improved page layout settings

Use DWG page layout settings to create your PDF conversion. The page, view, and layout from your CAD drawing are retained, making it easy to create a high-quality PDF.

#### Scale for conversion

Now you can scale your conversion output to Extents, Display, or Layout Limits.

#### Specify line widths

Control line width scaling in the PDF file. You can use the line width options from the original file, display or suppress line widths in your conversion, or use your own custom line width.

#### Convert to different image formats

Convert your drawing to a variety of image formats, including GIF, JPG, PNG, TIF, and BMP.

#### Combine drawings

Join multiple drawings into a single PDF file.

### *Other Features*

#### Choose layouts to convert

(Version 4 and higher) Select from current, Model (layout), or Layouts Only (excluding the Model) You can also select layouts to convert by name.

#### Choose layers to convert

(Version 4 and higher) Identify specific drawing layers to convert, by layer name or by type (on/off, lock/unlock, frozen/unfrozen, or plottable/unplottable).

#### Control PDF output colors

(Version 4 and higher) Choose full color, grayscale, or black-and-white.

#### DWG to PDF conversion at an affordable price

You don't need expensive AutoCAD® or Adobe® Acrobat® software to unlock your DWG files. deskDOC DWG to PDF Professional creates high quality vector PDF files from CAD drawings.

#### Create universally accessible files

The PDF file format is a widely accepted standard for viewing documents. Vector PDFs can be viewed on the Web, eliminating the need for a CAD viewer. You can easily make your drawings accessible to your clients and others who don't have CAD software.

#### Select from multiple conversion methods

Quickly select a target format or use a wizard to walk through all the steps. You can choose the method that works best for you.

#### Multiple AutoCAD® version support

We support a wide variety of versions of DWG and DXF files, making it easy to meet the

requirements of legacy applications. deskDOC DWG to PDF Professional converts between any combination of DXF or DWG files from R12, R13, R14, 2000, and 2004, 2007, 2008.

#### **Batch mode conversion**

deskDOC DWG to PDF Professional can also be used from the command line to batch-process multiple conversions.

#### **First-class customer support**

See our Technical Support page for more information. We offer customers two day or better turnaround on e-mail support, Monday through Friday. Any technical issues will be resolved in a quick and timely fashion.

---

#### **System Requirements**

Windows® 2000, 2003, XP, or Vista

Internet connection required for installing product download.

Single product license for single system. Site licenses are available.
